Commercial Small One 38mm or 1.5inch

Three Sci-Fi style Light Commercial buildings.

I've exported a 32-33mm (1.25inch) version - check my blog for the other size.

Sorry No cut files. Hand cutting is pretty quick

To help prevent your tiles slipping all over the place if you paint a thin layer of PVA glue on the backs it creates a sort of rubbery semi-grip finish although they will still slip just not as badly. There is a paint on rubber product but I couldn't locate any down under.
