Messerschmitt Bf 109, Scaled to 1:200

I've included both a high contrast colour scheme (pictured above) and a more accurate historically coloured page. I found the high contrast ones looked better on the gaming table, but use what you prefer.

I'll be using these to represent Bf 109's during the Battle of Britain but I plan to do further colour schemes for later in the war and other theatre's. So keep an eye on my blog to pick those up.

To learn more about the BF 109 checkout the Wikipedia article:
http://en.wikipedia.org/wiki/Messerschmitt_Bf_109

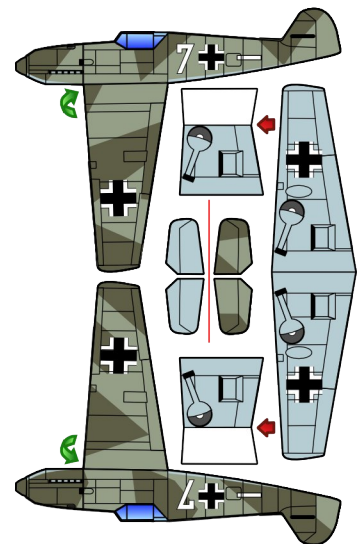

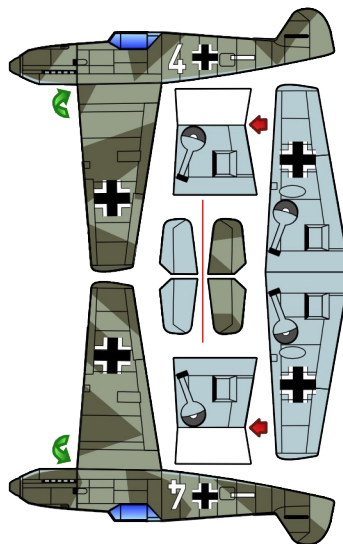

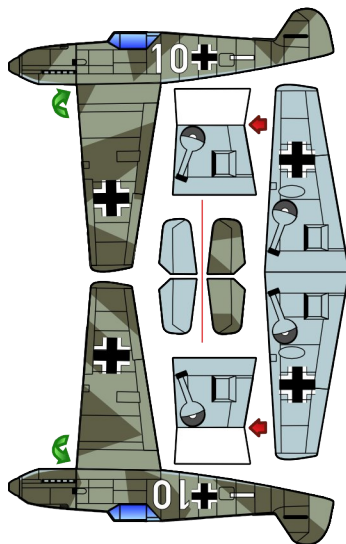

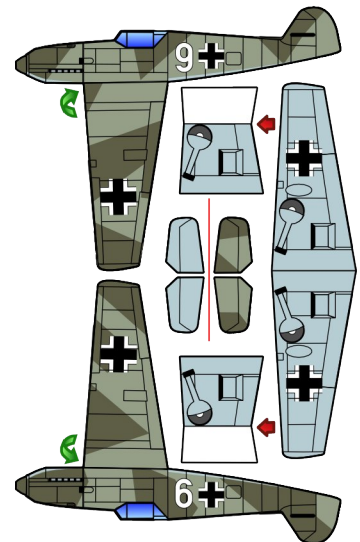

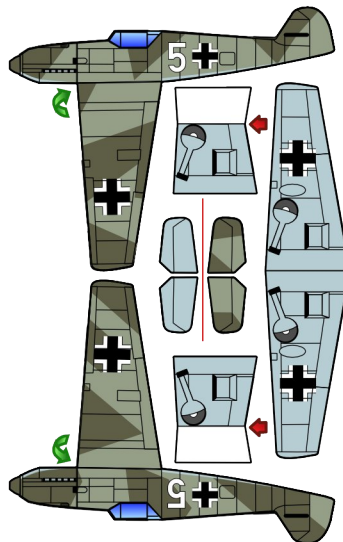

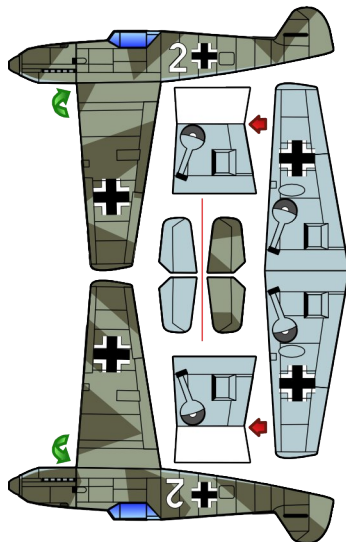

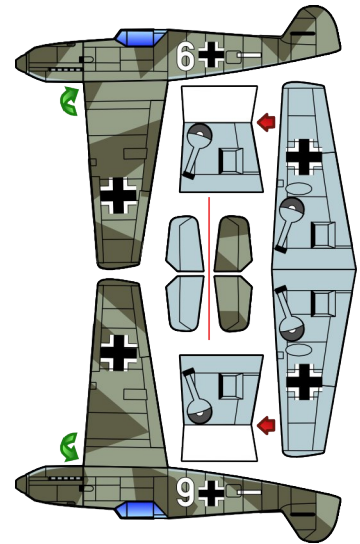

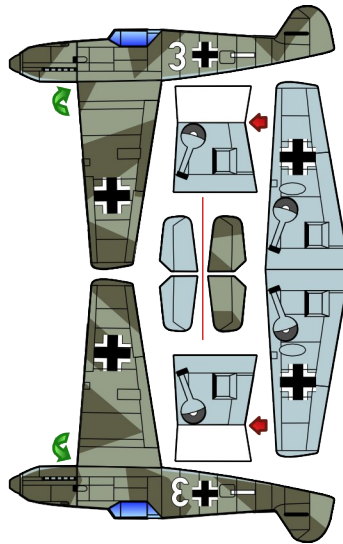

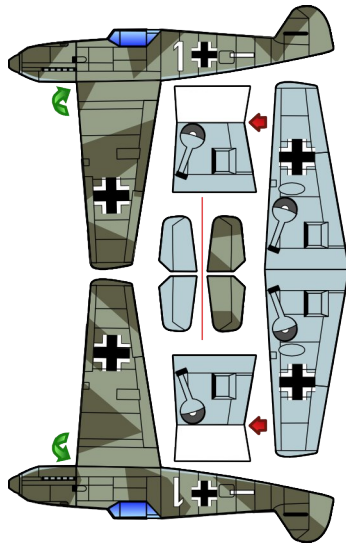

Special thanks to Reivaj for his innovative basing style:

Tips for Assembly

- ~ Use PVA glue or another paper glue for fuse, wings and standholder tabs
- ~ Use Super glue for the Horizontal Stabiliser - Sorry they are fiddly
- ~ If not using card stands omit steps 3 and 4
